BELDJOUDI MAHDI

GET TO KNOW ME

I am Mahdi, ex mech engineering now a management student at ESAA business school , I write code and design user interfaces in my spare time.
I am passionate about tech, Well crafted digital marketing strategies, I have always been fascinated about marketing and how marketing teams make their brand wanted.
I also love hiking and mountains, spending nights out in the nature in order to clear up my mind and have a little fresh boost.
